Perennials are plants that come back year after year. Closely associated with the 'cottage garden' style, they will fit in happily with any planting scheme.

1. WHAT DO YOU NEED?

Plants for sun, for shade?
Bee-friendly, slug-unfriendly?
For long-lasting flowering,
for a windy site?
Right plant, right place is the
key to success.
Our handy lists online and
in-store will help you pick
the perennials that will
thrive for you.

2. PLANT FOR IMPACT

A single perennial will get
lost in the crowd.
For impact, plant in clumps
and repeat in different parts
of the border to really 'tie'
your garden together.
Katie's Garden has hundreds
of perennials at just £2.99
each so you won't have to
break the bank.

3. COLOUR CO-ORDINATION

Have a play around when
you visit the nursery, holding
plants next to others to see
which combinations work
for you.

Try silvers, blues and whites;
reds, oranges and yellows;
plums and pinks ... or just go
for a riot of colour!

4. A FLOWER FOR ALL SEASONS

For a succession of blooms
throughout the season, buy
your perennials at different
times of the year - the best
way to see what you are
going to get when, if you are
not too confident in your
knowledge of plants.

5. THE WHOLE PLANT MATTERS

Perennials come in all shapes
and sizes.
Make sure you have a good
variety: feathery leaves,
strappy leaves, colourful
leaves, mound-forming,
towering, vertical spires ...
the list goes on!

Buy your plants from the people who grew them!
Knowledgeable service and helpful advice.
Just one mile from the A12 Foxhall roundabout.
